

UPCOMING WEBINAR

Embodied Carbon: What Concrete Producers Need to Know

Tuesday, September 14, 2021 @ 1:30pm ET

[Register Now](#)

It's predicted that sustainable construction methods and materials will become the industry standard in the next few years.

However, as more and more acronyms pop up—GWP, EPDs, EC3, LCA, and LEED, to name a few—it can be hard to keep up with what they all mean and how they will affect your concrete business.

[Join our upcoming webinar](#) where we will discuss everything you need to know about sustainable construction measurements including:

- Introduction to USGBC/LEED/Living Building Challenge
- Overview of LCA tools and resources
- Costs related to EPDs and EC3 usage, and how CarbonCure affects concrete's sustainability measures.
