

ILLINOIS READY MIXED CONCRETE ASSOCIATION

MEMBERSHIP BENEFITS

Education & Training

New product and technique training & certification, technical seminars for members and their customers, conventions, webinars, mailings and more.

Operations, Environmental & Safety Committee

provides a forum for the interchange of ideas related : operations, environmental issues, safety issues, production, plant maintenance. Committee involvement with OSHA and EPA allows IRMCA to monitor activity and give industry input and has resulted in IRMCA producing widely accepted procedure manuals.

Political Affairs

Association lobbyists champion pro-industry legislation, as well as update members on important issues and encourage their involvement.

Technical Committee

IRMCA's technical committee meets regularly with IDOT and others to further the goals of the industry. Additionally, technical consultants are available to members.

Certification

IRMCA locally sponsors the National Ready Mixed Concrete Association's Pervious Concrete Contractor Certification program and the ACI Concrete Flatwork Finisher Certification.

Annual Events

Annually, members have the opportunity to attend the Xtreme Concrete Conference, IRMCA/WRMCA Concrete Convention, Promotion Meeting, Summer and Fall Golf Outings. Additionally, other meetings are scheduled as needed.

Promotion

Advocating the advantages of ready mix concrete, full and part-time promoters reach decision makers throughout Illinois and are available to assist IRMCA members with their promotion efforts.

COMMUNICATIONS

Association Publications

IRMCA publishes a widely distributed and comprehensive membership directory, newsletters and special issue promotion and procedural publications, many of which have received national attention. IRMCA keeps members informed on a weekly basis with IRMCA Resources & News eblasts.

Website & Social Media

The Association continually develops its website to offer timely industry news, product information, links to organizations world-wide, downloads and more. IRMCA also has its own Facebook, LinkedIn, and Instagram pages for access to activities going on in the association and the state of Illinois.

The Illinois Ready Mixed Concrete Association (IRMCA) is a non-profit trade organization that represents Illinois ready mix producers, suppliers and contractors. As an organization, our purpose is to achieve common goals such as education & training, promotion and advocacy that cannot be met individually. IRMCA strives to be the voice of the ready mix industry in Illinois and ceaselessly promote the increased use of high quality, durable concrete. *Thank you for showing interest in the Illinois Ready Mixed Concrete Association.*
