

# Monthly News & Updates

12/2020

## MERRY CHRISTMAS YA'LL!

We hope this newsletter finds you safe and surrounded by people you care about. As we come to the end of an unusually challenging year, Fritz-Pak would like to thank you for your continued support, and we hope that we have been able to help your business succeed in these unprecedented times.

As we look toward a new year, we're excited to see what the future holds and are working to ensure you have all the resources you need to choose the right products for your concrete. Don't forget to follow us on social media to keep up with all the latest information. And we hope to see you next summer for a fun time at World of Concrete 2021.

In the meantime, Merry Christmas and a Happy New Year from all of us at Fritz-Pak Corporation.

## Helpful Tips & Information

Oh the weather outside is frightful - and so is pouring concrete this time of year! When the weather starts changing for the season, you can count on Fritz-Pak to get you the admixture you need to complete a variety of winter concrete projects. Whether you're pouring a big commercial job, or are working in a precast concrete plant, we've got you covered. Check out our latest blog to see which products you should be stocking up on.

# Featured Product: Non-Chloride Accelerator

## Faster, Stronger Concrete All Year Long

Fritz-Pak NCA offers decreased set times to help protect your concrete during the colder months of winter, but it is also a great product to use when you need to increase productivity and decrease labor costs. For more information, check out our latest product demonstration video on YouTube.
