

Swederski Concrete Construction, Inc. (SCCI) wants to partner and help you **generate more ready-mix sales**. SCCI is the most effective partner to flip pavements from flexible asphalt to rigid concrete.

SCCI respects your contractor loyalty, however most contractors are not capitalizing on the opportunity to generate additional sales like our experienced team. Bring SCCI in early, we will **only focus on flipping the pavement**

scope, allowing your contractor to still bid the scope of work they specialize in, a win for all, especially as we are able to cover larger geographic areas for concrete pavements!

SCCI produces a premium product utilizing leading industry equipment, certified professionals, unmatched experience, and alternative methods you can trust.

Other SCCI services:

- Foundations (Industrial & Commercial)
- Flatwork (Interior & Exterior)
- Jointless flooring systems, Proprietary Designs.
- Concrete pavements & overlays
- Screeding & 3D screeding services:
 - Several latest model Somero 3D laser screeds.
- Trenching services:
 - 3 Trenchers up to 36" wide,
- Grading services
- Floor rejuvenation and specialty sealing services.

SCCI is excited to rejoin and become an IRMCA member again adding to our long list of industry memberships, partnerships, and affiliates such as WRMCA, WCPA, NRMCA, ACI, ASCC, ABCWI, ABCIL, ACPA, NFIB,... helping better our industry and members.

Double or triple your project & company sales by utilizing SCCI early, don't let another opportunity pass by... **GET US INVOLVED NOW!**
